USES: BAJRA - FEED GRADE

- Bajra is a dependable nutritious source of food for animals.
- The key value of Bajra lies in its high nutrition and high protein content, thereby making it a high energy content cereal.
- Utilization of Bajra for poultry feed and alcohol manufacturing has recently increased to about 70% in Rajasthan and Haryana. (Source: Indian Institute of Millets Research (IIMR)).

FACTORS AFFECTING PRICES : BAJRA - FEED GRADE

- Crop situation in the countries where India is exporting Bajra.
- Insufficient rainfall at the growth period and heavy rainfall at the maturity period.
- Prices of other competitive feed grains and cereals.
